Key Features

Customized all-over printed Ladies T-shirt 'VENUS' TPP/PG002

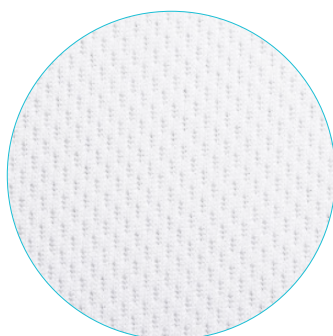

- Lightweight 130g/m², 100% Polyester T-shirt for all-over sublimation printing.
- Possibility to create any design according to client's requirements and adjustment to each size of T-shirt
- All-over sublimation with no limit of colors and logos
- Available also in unisex shape
- Machine washable at 40 °C, ironing at 110 °C
- Possibility to select one of 3 fabrics – smooth (single jersey), bird eye structure and micro bird eye made of special Coolmax® fibers
- Coolmax® fibers ensure increased moisture wicking and drying performance for extreme comfort
- Packed in single polybag
- Made in Poland by professional experienced manufacturer

This T-shirt provides the best hand feel and keeps the best effect for sport activities, running events, festivals and many others. Ideal for any sport or outdoor activity due to stretchy and quick drying fabric - actively takes sweat away the body.

Sublimation printing gives the possibility of multicolor printing according to client's special requirements.

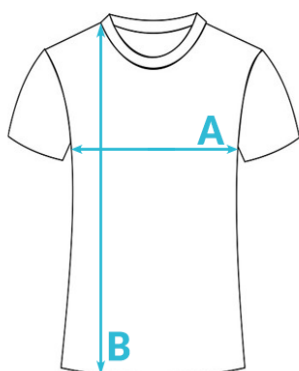

A | Single jersey polyester

B | S-014 bird eye mesh

C | Coolmax® micro bird eye
